

William Brookes School

Our Ref: GRR/kat

16 September 2011

Dear Parent/Carer

Parental Seminar : ICT – Thursday 22 September 2011

We are pleased to invite you to come in to school for an information session concentrating on ICT at William Brookes School. We have lots of new equipment available for students to use but also very clear guidelines as to how they should use ICT safely. E-safety is becoming one of the really big issues for all users of computers and this information could be extremely valuable to you.

You will have the opportunity to ask questions as well as use some of the equipment that we have available in school. The intention of the session is for it to be fun, informative and offer assurances to you about your son/daughter's welfare in this digital age.

Agenda:

1. E-safety talk followed by Q&A
2. Uses of ICT in school and the devices available
3. Demonstration of the Shropshire Learning Gateway and our plans for the future

The evening will start promptly at 18.30 hours in the Coubertin Lecture Theatre with Steve Beard, our ICT Lead Practitioner, delivering the session. It would be great to see you there for the hour that we are intending the session to take and I hope that you are able to join us.

Yours sincerely

Mr G R Renwick
Head
