

Toni Reeves

The Sixth Form is a productive environment to work in, yet at the same time it feels relaxed. The class sizes are small and it is easier for you to talk to staff if you need assistance. Staff here are very approachable, some you have known for five years and you spend a lot more time with teachers compared to being at School. Currently I am studying Law, Psychology, Politics and English Literature, after I finish I intend to study Law.

Ben Hughs

“I originally choose to go to TCAT college, but when I got there I realised it wasn’t for me, so I changed my mind and came back, which was the right decision. I realised that I could get more by coming to Sixth Form and I am happy to be part of it and would definitely recommend it to others.”
