

## Lucas Day

.....

“Two months ago, I walked into the Sixth Form common room, sat down in the corner and I was immediately crowded by friendly people welcoming me. After those first few minutes we have been friends ever since. The Sixth Form Common room is a colourful, happy and friendly place. There is always something going on! I’ve only been here for half a term but already I am so at home, that it feels like I’ve been here all along.”

## Melissa Sharpe

.....

“Having attended William Brookes School throughout year 7-11 I definitely had high expectations of the Sixth Form, as it always looked like great fun! Now that I am here, I am able to really enjoy Sixth Form life, with a number of fantastic opportunities at my fingertips and great people here to enjoy it with. During my first half term in the Sixth Form, I have attended the Pierre de Coubertin Olympic Youth Forum in the Czech Republic, visited France on a French exchange trip, been involved in the Sixth Form pantomime and enjoyed playing netball every week with our new Lower Sixth team. I would definitely recommend William Brookes Sixth Form to all year 11 students...as Ms. Fisher says: “It’s like finally being able to play for the first team after so many years of training!”
