

## **WILLIAM BROOKES SCHOOL, MUCH WENLOCK**

AUGUST 2008

### **OUTSTANDING RESULTS AT WILLIAM BROOKES THIS YEAR!**

This year we are again delighted with the results of our A level students. Amongst them are Moira Kelly, Rebecca Bushell and Rebecca Ingram, all of whom achieved straight A grades in their chosen subjects. Moira Kelly's A grades were in Biology, Chemistry, Maths and Further Maths which means she has secured her place at Cambridge to study Veterinary Science. Rebecca Bushell achieved her A grades in Chemistry, Maths, Further Maths and Art & Design, whilst Rebecca Ingram gained an incredible 5 A grades in English Combined, History, Law, French and General Studies and will be taking up her place at Manchester to read Law and Criminology.

Other students who did exceptionally well were Hayley Davies and Lawrence Flynn, both of whom achieved 3 A grades and 1 B grade and both of whom will be going to study Law. Hayley will take up her place at Cardiff this year whilst Lawrence is taking a gap year travelling Australia before going to Manchester next year. In addition to these successes, Rhian Petty and John Beresford, who completed their exams last year, gaining all A grades, will this year take up their places at Oxford. Rhian will read English and John is going to read Law. We are especially pleased this year as many of our students who have achieved the top grades exceeded all of their original predictions, which is testament to the hard work of both the students and staff at the school.

William Brookes students have achieved very strong results this year and most will be taking up university places in the autumn. Our over all pass rate is extremely high and the number of exams passed at the top grades is very impressive. Our staff and students work extremely hard, and it is this combination which ensures consistently high standards and achievement across all the grades. Our highest achieving students show maturity well beyond their years and the fact they achieve grades which afford them places in the most prestigious universities is reflective of the hard work, thorough revision planning and commitment to succeed, along with high quality teaching and parental support. We would like to wish all our students the very best and hope that they can build on their A level successes at university and beyond!
